This Week At Rotary

MARLENE CASILLAS
"Best Friends Animal Society"

You don't have to be a pet lover to know that pets bring joy to the lives of many while asking very little in return. Unfortunately, careless pet owners and uncontrolled pet breeding has led to a population explosion of unwanted and homeless pets, resulting in lives of misery and even death for many of our furry friends. Best Friends Animal Society was founded on the simple principle that kindness to animals helps build a better world for all of us. Working with communities, humane groups, and individuals across the nation, Best Friends helps establish spay/neuter, shelter, foster, and adoption programs. Come learn more about this compassionate organization, and what you can do to support its good works in our community.

Your attendance at our weekly meetings is anticipated and greatly valued. Why not bring a guest and share the fellowship of your fellow Rotarians ? ? ! ! !
