LA CACHETTE RESTAURANT

JANICE, SIVANA, and ELIYA LEVINE **“The National Model United Nations”**

The National Model United Nations Conference was created to offer a diverse group of informed participants a forum in which to discuss global concerns in a “real world” context. Students and faculty from five continents work to propose resolutions addressing such issues as regional conflicts, human rights, and economic and social development in order to provide students with a better understanding of the inner workings of the United Nations while building skills in diplomacy and compromise. With support from our Club, Janice, Sivana and Eliya were able to participate in the National Model United Nations Conference, and will share their experiences with us.

Your attendance at our weekly meetings is anticipated and greatly valued. Why not bring a guest and share the fellowship of your fellow Rotarians ? ? ! ! !
